WELCOME BACK!

Summer has flown right by and it's time once again to begin our AWMA chapter meetings. Looking at our calendar of events for this year, there is ample opportunity for everyone to jump-start their involvement with the Iowa Chapter. The table below presents our tentative scheduled events for the 2007-2008 year. We are taking a slightly different approach this year and having fewer meetings. Each meeting, however, will be longer and encompass more information

SEPTEMBER'S MEETING

Our first activity this fall is the Air Permitting Workshop scheduled for September 11 at Amana Holiday Inn. From noon until 3:15 DNR will be hosting an instructional workshop reviewing their permitting forms (with emphasis on the new GHG form), calculating potential emissions, reviewing the modeling guidelines, and reviewing SPARS. Following the instructional workshop, DNR will give a Regulatory Update presentation from 3:30 to 5:30. The Keynote Speaker after dinner will be Wayne Geiselman, IDNR Environmental Services Division Administrator.

Please RSVP to Lisa Schmidt at lschmidt@tecenv.com or 515/225-4303 by Friday, September 7 so that reservations can be made at the Holiday Inn for dinner. In your RSVP, please note whether you will be attending the workshop, the dinner and keynote speaker, or both.
